

Sinclair
Broadcasting's
decision to
force-feed an
anti-Kerry
documentary through
its 63 affiliates is
in clear violation
of FCC guidelines,
and broadcasting the
anti-Kerry
documentary amounts
to an unlawful
campaign
contribution
warranting a
criminal
investigation of
Sinclair unless equal
free time is given
to pro-Kerry
programming.
Until such time as
the nation's
airwaves are bought
and paid for by the
Republican Party, it
is incumbent upon
the FCC to enforce
the existing rules
requiring media
outlets to refrain
from overt
Republican bias in
their programming.
